Recommendation

Mr. Darius Gherghina completed an internship at our company, Alpha Industrieservice GmbH, and left a very good impression.

While he was with us, Mr. Gherghina was a very dedicated and skilled intern. He actively joined in on various projects and tasks and always met our expectations. He was interested and ready to take on responsibilities, which made us trust him quickly.

What's also impressive about Mr. Gherghina is his ability to figure out tricky problems and come up with clever solutions. Plus, he always worked reliably and finished tasks on time.

Darius Gherghina didn't just show that he knows his stuff; he also showed he's great at learning new things quickly.

We're sure Mr. Gherghina will be a big help to any company that gets to work with him.

If you need more info about Mr. Gherghina, feel free to contact me. I'm here to help.

Best Regards

Louis Wagner
